### Main Hang

The diagram illustrates the 'Main Hang' configuration. A blue line starts at point 0, moves horizontally to the right, then down, then horizontally to the right, then up through segments 1, 2, 3, 4, 5, and 6. Red dashed lines with arrows point from point 0 to each of the numbered points (1-6) along the path.

### Side Hang

The diagram illustrates the 'Side Hang' configuration. A blue line starts at point 0, moves horizontally to the right, then down, then horizontally to the right, then up through segments 1, 2, 3, 4, 5, and 6. Red dashed lines with arrows point from point 0 to each of the numbered points (1-6) along the path.
